- Complete handling of Regulatory Requirements for Registration of Medical Device in India
- Achieve Stress Free Productive Sales by reliable Distributor Selection with our Team
- Turnkey Solution Providers

Product Approval and Distributor Selection Services in India

We have over 100 years experience in business. Morulaa is a turnkey solution provider with an in-house regulatory team to conduct registrations of medical device, IVDs, cosmetics, drugs (Form 41, Form 43) in India by following CDSCO. On completing the CDSCO regulation requirements, our marketing team gets involved in the Distributor Selection process. Our regulatory and marketing teams work in sync with our clients to commercialize healthcare products in the Indian medical industry. We have developed a unique model for Product Registration with the Indian FDA (CDSCO) and Distributor Selection to reduce the time frame for the market entrance.

Morulaa can also assist in obtaining the other relevant licenses such as import license (Form 10), Test License (Form 11) which is successfully import the products into India with registration. As an Indian Authorized Agent, Morulaa provides high quality and professional services and develop long term relationship for the Indian market by the regulation of CDSCO for registration of the product.

Singular Focus: Healthcare Sector

Our team specializes in Healthcare for the Asia Pacific market – from registration of medical device to market assessment and distribution set-up. Our projects are customized based on the Clients needs.

Direct Access: Decision Makers

Our USP: We maintain relationships with key decision makers across hospital and regulatory stakeholders. This enables us to directly answer which Asia Pacific markets would our client products be suitable for, without going through several steps / procedures.

Hands On Approach: Product Training

A dedicated person / team is assigned to each client project and they undergo product training. Our belief is that we must understand the product, to do justice to the project undertaken.

Total Transparency: Response Time of < 24 Hours

Peace of mind and knowing what is happening when you are sitting miles away is very important. Our team ensures just that by regular updates and constant communication.
